St. Alexius Medical Center

May 7, 2010

To Whom It May Concern,

We are writing this letter on behalf of Michael von Bodman and Ted Rahn of Super Electric Construction Company. As testimony to the high level of service St. Alexius Medical Center has received from this team over the past 18 years, this team has worked with numerous contractors, our Facilities and Nursing unit teams, local and state agencies and have repeatedly demonstrated their knowledge of building codes, their premier customer service has allowed for a successful partnership that proved invaluable to us here at St. Alexius Medical Center. We highly recommend Super Electric Construction Company for any business opportunities you may have.

Please contact us if you have any questions.

Sincerely,

Martin Woods  
Director, Construction  
St. Alexius Medical Center

Linda Gump  
Vice President, Administration  
St. Alexius Medical Center

Edward Goldberg  
President, CEO  
St. Alexius Medical Center
